

MULTICACHING HOMEWORK ASSIGNMENT

Your task tonight is to response to the following questions using complete sentences and proper grammar. Your assignment is due at the beginning of the next class meeting.

1. How much effort do you believe you applied during the multicaching activity? Did you work within your THZ and contribute to your team's effort to achieve the lowest possible overall course time? Explain.
2. How well do you believe you and your group applied the frontcountry leave no trace principles of disposing of your own trash and leaving the natural world as you found it while finding your caches? Explain.
3. Would you enjoy participating in additional geocaching-type activities outside of class as a mode of physical activity? Why or why not?
4. How could you and your family work on connecting to the natural world and applying frontcountry leave no trace principles (e.g., picking up dog waste, leaving nature as you find it, and disposing of your own trash) while engaging in outdoor activities near your home? Discuss these ideas with your family.
