### Stepping Stones II

#### **Equipment**

Nine indoor bases or carpet squares set in a straight line and, if desired, different colored jerseys to identify the two halves of the team.

#### **Starting Position**

Each group member stands on a base with the empty base in the middle of the line. Each group member gets a letter or a number, for example, 4, 3, 2, 1, empty base, A, B, C, D. The team divides itself into two equal groups, and the groups face the empty base.

#### **Our Challenge**

The group completes the task when it ends up like this: A, B, C, D, empty base, 4, 3, 2, 1, compared with the starting position of 4, 3, 2, 1, empty base, A, B, C, D.

#### **Rules and Sacrifices**

1. Only one person may move to a base at a time.
2. Team members may not move backward.
3. Only one person may be on a base at a time.
4. Group members may move to an empty base directly in front of them or go around one other person to an empty base. Group members may not go around two other people to an empty base.
5. No one should call others by their last names or use put-downs.
6. If a team member breaks a rule, all group members must go back to their original bases.
