#### Equipment

One tire, one tug-of-war rope, and two scooters.

#### Starting Position

The group starts on one side of the swamp with only one scooter. One scooter is upside down on the tire. The tug-of-war rope is across the swamp.

#### Our Challenge

The group completes the task when all group members cross the swamp without touching the swamp (floor).

#### Rules and Sacrifices

1. No one may touch the floor with any part of his or her body or clothes.

2. No one may stand on a scooter.
3. No one may call others by their last names or use put-downs.
4. If a group member breaks a rule, that person and one successful person (or the person who has advanced the farthest) must go back to the starting line. They may not take a scooter back with them unless it was the first scooter that the group used.
