

### The Digestive System

1. Identify the major organs involved in digestion, and explain what each organ does to aid in digestion.

Major organ	What the organ does to aid in digestion

### Prebiotics and Probiotics

2. Compare and contrast prebiotics and probiotics.

Prebiotics	Probiotics

### When Your Digestion Isn't Working Right

3. Write the name of the digestive problem inside the following box where the description occurs.

A general feeling of stomach discomfort _____	When the movement of stool in the large intestine slows down _____	Small sores that occur inside your digestive tract _____
Swollen and painful veins in your large intestine _____	Runny stool from not fully absorbing liquid in your large intestine _____	

### The Urinary System

4. Name three things that might go wrong with the urinary system.

- 1 \_\_\_\_\_
- 2 \_\_\_\_\_
- 3 \_\_\_\_\_

## Maintaining Good Digestive and Urinary Health

5. Draw three pictures to represent three things you can do to maintain healthy digestive and urinary systems.
